Words from CEO

Welcome to **FARAN** CO. Ltd., a company that offers a large range of Contracting, Trading and Consulting services to support the Iraq development in the area of electricity, energy, industrial and public utilities.

Member of the AL WASAQ GROUP, **FARAN** has established in 2006 with a team has an accumulated experience in the Energy sector. Our prime objective is serving Oil & Gas, Water and Power industries of Iraq, where we have proven a business reputation to a wide variety of eminent clients ranging from International Contractors, Iraqi Ministries through to Private Sector Companies.

FARAN seeks to provide services that are truly differentiated from those offered by other providers by three key ways:

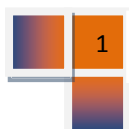

- ✓ Executing high quality, on time delivery and cost effective services
- ✓ Acquiring customer satisfaction and maintain good relationship before, during and after our services
- ✓ Building product & service image and company reputation.

Welcome to FARAN, Your Business Partner for the Energy Sector.

Yours sincerely,

Younis J. Hussain

General Director
